

Private Debt & Income Fund is a multi-manager strategy that seeks exposure to private credit markets, including direct corporate loans and asset-based loans. The Fund offers a single access point to institutional private credit managers. The Fund's primary investment objective is to seek high current income with a secondary objective of capital preservation.

BROAD ALLOCATION

Invests across private credit managers, asset classes, and strategies

DEPLOYMENT

Fully funded at the time of investment for immediate yield generation

CURRENT YIELD

Structured to provide quarterly dividends from interest income

IRA ELIGIBLE

Ability to invest via tax-advantaged accounts

ENDNOTES

Total Fees and Expenses are 4.21%. Total Fees and Expenses include a management fee estimated at 0.50%; acquired fund fees and expenses, which are estimated at 3.13%; other expenses, which are estimated at 0.43%; and fees and interest payments on borrowed funds, which are estimated at 0.15% for the current fiscal year. These figures represent the Fees and Expenses that the Fund expects to incur. Please note that management fees are accrued monthly based upon the Fund's average daily net assets. Such management fees are paid before giving effect to any repurchase of Shares in the Fund effective as of that date and will decrease the net profits or increase the net losses of the Fund that are credited to its shareholders. The Adviser and the Fund have entered into an expense limitation and reimbursement agreement under which the Adviser has agreed contractually to waive its fees and to pay or absorb the ordinary operating expenses of the Fund. The Expense Limitation Agreement will remain in effect, at least until February 1, 2027, unless and until the Board approves its modification or termination.

IMPORTANT DISCLOSURE INFORMATION

Investing in the Fund involves risks, including the risk that you may receive little or no return on your investment or that you may lose part or all of your investment. Therefore, before investing you should consider carefully the following risks that you assume when you invest in the Fund's shares: Risks include, minimal capitalization risk, allocation risk, non-diversification risk, liquidity risk, management risk, market risk, private funds risk, use of leverage by the funds risk, use of bank loans and participations, valuation of private investments, fixed income risk and foreign risk. Please remember that past performance may not be indicative of future results. Different types of investments involve varying degrees of risk, and there can be no assurance that the future performance of any specific investment, investment strategy, or product referenced directly or indirectly in this communication will be profitable, equal any corresponding indicated historical performance level(s), or be suitable for your portfolio. Yields and returns will fluctuate as market conditions change. Forward-looking statements necessarily involve risks and uncertainties, and undue reliance should not be placed on them. There can be no assurance that forward-looking statements will prove to be accurate, and actual results and future events could differ materially from those anticipated in such statements.
